

**The Mental Wellness Campaign for Anoka County**, a group of consumers, family members, community leaders, and human services professionals, is partnering with Wilder Research to conduct a **community survey to measure the attitudes, beliefs, and knowledge of Anoka County residents regarding mental health**. This survey is a follow-up to the original survey conducted in 2005-2006. It will help assess if community attitudes have changed and will also provide guidance for the Campaign's future educational efforts. The survey will be conducted until mid-February, 2010. Survey respondents have the option of entering a drawing for cash and other incentives. To complete the survey, please follow this link: [www.wildersurveys.org/anoka](http://www.wildersurveys.org/anoka) or call Wilder Research at 651-280-2800. Thank you!
